Applications and Referrals

Applicants are able to apply directly to the Scheme. However, schools, colleges, theatres and youth organisations can submit a referral on their behalf, which some may find easier. If you know of a student who is interested in applying to the Guildhall School, who would benefit from the Scheme, or if a student has contacted you and asked for your referral, please follow the steps below:

- Speak with the student about their circumstances and plans or hopes for further study. This scheme is for candidates who are seriously pursuing an undergraduate programme at the Guildhall School, who are not in a position to afford the application fee and who would benefit from additional support during the process. You may need to ask about their financial and home circumstances to determine their eligibility for the scheme, although some of this information may be available on your school/organisation database. *We will rely on your referral when assessing eligibility and suitability for the scheme, and so it is essential that you can vouch for the criteria they meet.*

Applications and referrals should be submitted via the application form found on our webpages.

- You will need some information from the applicant to fully complete this form, and so we recommend completing it with them.
 - You must refer the student using their full given name and not a nickname or preferred name. There is an option to provide a preferred name on the form.
 - Please check with the student that their email address, date of birth and home address are correct at the time of submission. This will prevent delays further in the process.
 - If the student has applied to Guildhall School before, please ask them to provide the applicant number they were sent upon their previous application.
 - You will be asked to provide a contact email address – please use your establishment email address for ease of verification.
- Referrals must be received in good time so that we can process the request and give the applicant time to submit their course application - see table below for last date for referrals.
- An applicant can only have one free application in an academic year. If they are interested in

more than one programme at the School, they need to choose their primary interest for the Scheme.

- Applicants may apply to the Supported Application Scheme a maximum of three times, over any number of years.
- As the School auditions and/or interviews all undergraduate applicants, and as the processing of each free application requires time and resource, schools and organisations are asked to exercise discernment, and only refer applicants who:
 - a) have a specified interest in the school and will make use of the free application and additional support.
 - b) are at a point in their artistic development where they have the potential to benefit from a conservatoire education
- If you work for a school or organisation which intends to refer more than 10 young people to the scheme, please contact the Access and Participation Team to discuss the best way to do so.
