

Tuition Fee for entry 2021

The tuition fees are for the listed academic year, subsequent years of study whether full or part-time will be charged at the rate for that year except where indicated. For regulated Home undergraduate fees, the School will charge the maximum fee permitted by the government for that year. All other tuition fee levels are set by the Board of Governors at least a year in advance and may reflect the inflation rate at the time of approval and any significant changes in the cost of delivery (eg utility costs) where relevant. You should budget for a minimum annual increase of 2% to 3%. Where a significant increase above the inflation rate is determined for new entrants, transitional tuition fees may apply for continuing students.

From September 2020, all Home students assessed as ELQ, and 'Island' students will be charged at the Home rate.

For definitions of home and overseas fee status, please see the [Fee Assessment Webpage](#).

A non-refundable 15% deposit of tuition fees due is required by 15th July 2021. However, Home undergraduate students eligible for a student loan are exempt.
